# The First Class Times

SPECIAL EDITION

OCT. 2025

## STRONGER TOGETHER

There's big news for the new school year! **First Class Planners** and **PiQ Potential** are joining forces to help students thrive. We've always shared the same mission of supporting student success, and now, by working together, we're creating an even greater impact. In today's world of competing priorities and distractions, we believe one thing more than ever that we're stronger together.

### Bringing Back the Basics Together

This partnership is about more than combining products. It's about giving Canadian students simple, effective tools to stay organized, focused, and in control of their time.

With so many digital distractions, paper planning offers something different—space to slow down, focus, and build real-life skills like prioritizing, managing tasks, and staying on track. It lays the foundation for healthy habits that help students succeed not only in the classroom, but in life.

Together, we're helping schools bring back the basics with tools that build lasting habits and confidence that carry into every part of a student's day.

Learn more about  
the partnership at  
[www.firstclassplanners.ca](http://www.firstclassplanners.ca)
